Participant Withdrawal Guide - Governmental 457(b) Plan

The Disability Withdrawal Request

Before completing the form, please note the following information:

- I must be eligible to receive a withdrawal from my employer's Plan.
- All pages of this Disability Withdrawal Request form ("Disability Form") must be returned excluding the Participant Withdrawal Guide and the 402(f) Notice of Special Tax Rules on Distributions.
- Neither this Guide nor this Disability Form are intended to provide tax or legal advice. In the preparation of this Disability Form, and where I deem appropriate, I will seek a consultation with my accountant and/or tax advisor.
- Empower Retirement ("Service Provider") cannot release the funds until my employer approves the withdrawal from the Plan.
- **I must complete a separate Disability Form for each account or plan number.**
- **If I am a Beneficiary, I need to complete and submit a Death Benefit Claim Request form rather than this Disability Form.**
- **If I am an Alternate Payee, I need to complete and submit an Alternate Payee QDRO Distribution Request rather than this Disability Form.**

Changes to My Request

- Any changes to this Disability Form must be crossed-out and initialed. If I do not initial all changes, this Disability Form may be returned to me for verification.

Incomplete or Inaccurate Information

- In the event that any section of this Disability Form is incomplete or inaccurate, Service Provider may not be able to process the transaction requested on this Disability Form. I may be required to complete a new form or provide additional or proper information before the transaction will be processed.

Section A: What is my personal information?

- All information in this section must be completed.
- Personal information will be kept confidential.
- If I am a Non-Resident Alien, refer to the "How will my taxes be withheld?" section of this Guide to obtain more information about attaching an IRS Form W-8BEN.

Section B: What is my reason for this withdrawal?

IRC §72(m)(7) Definition of Disability

- Section §72(m)(7) of the IRC provides that a person is disabled "if he is unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death or to be of long-continued and indefinite duration." Federal Treasury regulations provides that the "substantial gainful activity" to which §72(m)(7) refers is "the activity or a comparable activity in which the individual customarily engaged prior to the arising of the disability or prior to retirement if the individual was retired at the time the disability arose."

Disability

- I am no longer employed with the employer/company sponsoring this Plan AND my disability meets the definition of disability under the Plan Document.
- I would check this box if I have left employment with the employer/company sponsoring this Plan and I must indicate my separation from employment date on the line provided.
 - By obtaining my physician's information and signature, I understand that my withdrawal will be reported by Service Provider on the appropriate tax reporting form as a withdrawal due to disability and exempt from the federal ten percent (10%) early withdrawal penalty.
 - If I do not obtain my physician's information and signature, in addition to ordinary tax, my withdrawal may be subject to a ten percent (10%) early withdrawal penalty imposed by the IRS, if I am under the age of 59½. I understand that my withdrawal will be reported by Service Provider on the appropriate tax reporting form as a regular distribution and NOT exempt from the ten percent (10%) early withdrawal penalty, unless another exception applies and, if applicable, I will have to submit proof of my disability under IRC §72(m)(7) to the IRS to claim exception from the ten percent (10%) federal tax penalty.

Section C: What type of withdrawal and how much am I requesting?

- I must designate a type of withdrawal in order for my request to be processed.
- Once Service Provider has processed a withdrawal, it cannot be returned.
- Certain fees, charges (including contingent deferred sales charge) and/or limitations may apply.
- Unless the Plan has directed otherwise, the withdrawal will be prorated against all available investment options under Non-Roth and/or Roth as elected on the form, and all available contribution sources.
- The following is a brief explanation of each type of withdrawal listed on this Disability Form.

My Self-Directed Brokerage Account

- If I would like to receive a withdrawal from my SDB assets, it is my responsibility to contact the SDB provider directly to liquidate the securities and transfer the cash to the core investments (non-SDB investments) before my withdrawal request can be processed.
- Once the cash is swept into the SDB money market fund, I must request a transfer of the cash back to my Plan's core investment options by visiting www.texasaver.com or by calling 1-800-634-5091.
- If my Plan has a "core minimum" (the amount of investment funds, required by my Plan, that must be maintained in my core investment options at all times), and the transfer of funds has not been received by Service Provider prior to receipt of this Disability Form, my request will be processed from the amount that is available in the core investment options in excess of the core minimum.
- For any further withdrawals, I must transfer the appropriate funds into my core investment options and submit an additional Disability Form.

Payable to Me as a One-time Withdrawal

- I would check this box to have my withdrawal made payable to me and enter the requested amount.
- If I select the Net Amount box, the actual withdrawal amount will be greater than the withdrawal amount received to account for applicable income taxes and fees.
- If I select the Gross Amount box, applicable income taxes and fees will be withheld from the gross amount, resulting in an amount less than the requested amount. If both or neither check box is marked, the request will be processed as a Gross Amount.
- If I am electing a partial withdrawal, I must indicate the amount or percent in the lines provided.

100% Withdrawal With A Portion Payable to Me and the Remaining Balance as a Direct Rollover

- I would enter the requested amount of Non-Roth and Roth assets to be paid to me and the remaining balance will be withdrawn as a direct rollover.

- If I select the Net Amount box, the actual withdrawal amount will be greater than the withdrawal amount received to account for applicable income taxes and fees.
- If I select the Gross Amount box, applicable income taxes and fees will be withheld from the gross amount, resulting in an amount less than the requested amount. If both or neither check box is marked, the request will be processed as a Gross Amount.
- I must indicate an IRA at another provider or specify an eligible Plan to accept the remaining assets that are rolled over.
- An eligible rollover withdrawal of my Non-Roth assets may be paid directly to Roth IRA. Mandatory Federal and State Income Tax withholding does not apply to this type of rollover. However, this withdrawal is subject to Federal and State Income Tax withholding and I am responsible for making tax payments. The taxable withdrawal will be reported on IRS Form 1099-R. Making an estimated tax payment to the IRS and an appropriate state authority at the time of this rollover may be one of the options to cover this tax liability. Where I deem appropriate, I will seek a consultation with my tax advisor.
- I may request my designated Roth assets to be rolled over into an eligible retirement Plan with a designated Roth account or into a Roth IRA at another retirement provider. It is my responsibility to make sure that the new employer's Plan provides for a designated Roth account and can accept Roth rollovers.
- The rollover may not be completed if the acceptance letter and the form provide conflicting information. I may be contacted to provide additional information.
- Required Minimum Distributions are not eligible for rollover.

Rollover to an IRA or New Employer's Plan as a One-time Withdrawal

- It is my responsibility to determine if the IRA or New Employer's Plan accepts eligible rollover withdrawals.
- I would check this box to have my withdrawal sent to an IRA or New Employer's Plan and enter the requested amount.
- An eligible rollover withdrawal of my Non-Roth assets may be paid directly to a Roth IRA. Mandatory Federal and State Income Tax withholding does not apply to this type of rollover. However, this withdrawal is subject to Federal and State Income Tax withholding and I am responsible for making tax payments. The taxable withdrawal will be reported on IRS Form 1099-R. Making an estimated tax payment to the IRS and an appropriate state authority at the time of this rollover may be one of the options to cover this tax liability. Where I deem appropriate, I will seek a consultation with my tax advisor.
- I may request my designated Roth assets to be rolled over into an eligible retirement Plan with a designated Roth account or into a Roth IRA. It is my responsibility to make sure that the new employer's Plan provides for a designated Roth account and can accept Roth rollovers.
- The rollover may not be completed if the acceptance letter and the form provide conflicting information. I may be contacted to provide additional information.

Periodic Installment Payments

- If I am requesting to establish a new periodic installment payment, I would check the box before "I am requesting to establish a new Periodic Installment Payment." I would then fill in the First Payment Processing Date, Frequency and Payment Type. See Periodic Installment Payment Options below for explanation of the options available.
- If I have an existing periodic installment payment and I would like to change the frequency or payment date, I would check the box before "I am making a change to an existing Periodic Installment Payment." I would then fill in the information that I want changed.
- If my request is to establish a new periodic installment payment but I would also like to take a one-time partial withdrawal, I would check the box before "I am also requesting a one-time withdrawal..." and enter the dollar amount or percentage on the line provided. I would then fill in the First Payment Processing Date, Frequency and Payment Type. See Periodic Installment Payment Options below for explanation of the options available.
- If I select the Net Amount box, the actual withdrawal amount will be greater than the withdrawal amount received to account for applicable income taxes and fees.
- If I select the Gross Amount box, applicable income taxes and fees will be withheld from the gross amount, resulting in an amount less than the requested amount. If both or neither check box is marked, the request will be processed as a Gross Amount.
- I must elect Non-Roth and/or Roth contribution sources. If all or none of the boxes are selected, the payment will be calculated and prorated from all contribution sources.

Periodic Installment Payment Options

First Payment Processing Date

- I must select a First Payment Processing Date. The First Payment Processing Date is the date the funds will be withdrawn from my account.
- I may choose any day between the 1st and the 28th for my First Payment Processing Date. If my chosen date falls on a non-business day (weekend, holiday, etc.) then my payment will distribute on the next available business day.
- Allow 5-10 business days from the First Payment Processing Date to receive the withdrawal.

Frequency

- I must select the frequency of my payment from the available options.

Payment Type

Amount Certain (*Gross Amount Only*)

- I would select this option if I wish to receive specific dollar amount payments on an installment basis.
- The payments will continue until my account balance is zero.
- The number of payments I receive will vary depending on the performance of my underlying investment options.

Period Certain (*Specific Number of Years*)

- I would select this option if I wish to receive a set number of periodic installment payments.
- Payment amounts will depend on the account value, which may fluctuate depending upon my chosen investments' performance, the number of years I elect to receive payments and the frequency chosen.
- The payment amount will be calculated by dividing my current vested account balance by the number of remaining payments and is recalculated each time a payment is distributed; therefore, the amount of each payment typically differs. For example, if the payout is to be annually for 4 years, the initial payout amount will be equal to 1/4 of my account balance. The second payment will be 1/3 of my balance. The third payment will be 1/2 and the final payment will be the remainder of the account balance, resulting in a zero account balance.

Interest Only Payments

- This option is only available to me if I have at least one fixed investment option.
- The payment will vary depending on the type and performance of the fixed investment options.
- The payment will continue until I reach age 70½, at which point my periodic installment payment option will be automatically converted to my required minimum distribution and withdrawals will be made at the same frequency as my interest only payments.

Periodic Installment Payments for Self-Directed Brokerage ("SDB") Account

- If I have a Self-Directed Brokerage ("SDB") Account and I requested a periodic installment payment and sufficient funds have not been transferred into core investment options prior to Service Provider's receipt of this Disability Form, my withdrawal request will not be processed. Instead, this Disability Form will be returned to me with a letter requesting that the transfer be initiated.
- Once the transfer has occurred, the original Disability Form must be resubmitted to Service Provider to be processed.

- The terms of my Plan may require liquidation of funds in my SDB to make required payments, such as required minimum distributions.
- If I do not initiate trading instructions and transfers in time to generate funds needed to make these payments, all securities in my SDB may be liquidated and my SDB permanently closed.
- I am responsible for any losses or expenses associated with any such liquidation.
- I am responsible for ensuring that the periodic installment payment option I have elected meets the required minimum distribution, if applicable.

Direct Rollover of All Self-Directed Brokerage ("SDB") Account Assets

- If my request is for a withdrawal payable to me or periodic installment payments, I should not complete this section.
- I would check this box to have my Self-Directed Brokerage account directly rolled over.
- I should complete this section to rollover my shares.
- I must elect what type of rollover I am requesting.
- It is my responsibility to contact the receiving firm to initiate this rollover.

Section D: To whom do I want my withdrawal payable and where should it be sent?

- It is my responsibility to make sure that the Trustee/Custodian/Provider information provided is accurate.
- Service Provider is not responsible for misdirected payments due to incorrect information or address.

Rollover

- If I elected to have my withdrawal sent to another retirement provider, I must provide the requested information for the receiving Trustee/Custodian/Provider for my Non-Roth and Roth contribution sources.
- If I would like to direct Roth earnings to a Rollover payee other than the one listed in this section, I must attach a letter of instruction listing the same information that is required in this section and must include the type of payee, my name, social security number, signature and date.

Direct Rollover of All Self-Directed Brokerage Account Assets

- If I elected to rollover my self-directed brokerage account assets, I must provide the request information for the receiving institution for my Non-Roth and Roth contribution sources.
- The DTC number of receiving institution and account number must be provided or my request will not be processed.

Section E: How do I want my withdrawal delivered?

- Certain delivery options are not available on all types of withdrawals.
- Delivery of payment is based on completion of the withdrawal process, including receipt of a complete request in good order **and** obtainment of any additional/required information from my employer.
- I must select a delivery option from the choices provided. If I do not make any selection, all transactions will be sent by regular mail.
- Below is a description of each delivery option.

Check by USPS Regular Mail

- Estimated delivery time is 7-10 business days
- No additional charge
- If the check is payable to me, it will be sent to the address on file unless an address change or alternate address is indicated in and is properly notarized.

- I would elect this option if I want my payment to be electronically deposited into my personal checking or savings account.
- Estimated delivery time is 2-3 business days
- A non-refundable charge of up to \$15.00 will be deducted, in addition to any withdrawal fees, for each transaction.

- Not available for Direct Rollovers
- Available for Periodic Installment Payments
- If I have requested a periodic installment payment and my first payment processing date does not allow for the 10 day pre-notification process, I understand that my first payment will be sent by check to my address on file.
- **The name on my checking/savings account MUST match the name on file with Service Provider.**
- For deposit into my **checking account**, I **MUST** attach a copy of a preprinted voided check for the receiving account. I may also attach a letter on financial institution letterhead, signed by a representative from the receiving institution, which indicates my name, checking account number and the ABA routing number.
- For deposit into my **savings account**, I **MUST** attach a letter on financial institution letterhead, signed by a representative from the receiving institution, which indicates my name, savings account number and the ABA routing number.

- ACH credit can only be made into a United States financial institution.
- Any requests received referencing a foreign financial institution or referencing a United States financial institution with a further credit to an account associated with a foreign financial institution will be rejected.

General ACH Information

- I authorize Service Provider to initiate credit entries and, if necessary, debit entries and adjustments for any credit entries in error.
- In addition, I authorize my financial institution, in the form of an electronic funds transfer, to credit and/or debit the same to such account.

- Service Provider will make payment in accordance with the direction I have specified on this Disability Form until such time that I notify Service Provider in writing that I wish to cancel the ACH agreement.
- I must provide notice of cancellation at least 30 days prior to a payment date for the cancellation to be effective with respect to all of my subsequent payments.
- Service Provider reserves the right to terminate the ACH transfers for any reason and will notify me in the event of such termination by sending notice to my last known address on file with Service Provider.
- It is my obligation to notify Service Provider of any address or other changes affecting electronic fund transfers during my lifetime.
- I am solely responsible for any consequences and/or liabilities that may arise out of my failure to provide such notification.
- By selecting the ACH method of delivery, I acknowledge that Service Provider is not liable for payments made by Service Provider in accordance with a properly completed Disability Form.
- I am authorizing and directing my financial institution not to hold any overpayments made by Service Provider on my behalf, or on behalf of my estate or any current or future joint account holder, if applicable.
- ACH delivery is not available to a foreign financial institution or to a United States financial institution for subsequent transfer to a foreign financial institution.
- Any requests received containing foreign financial institution instructions will be rejected and require new ACH or check delivery instructions.

ACH for Periodic Installment Payments Only

- ACH is a form of electronic funds transfer by which Service Provider can transfer my payments directly to my financial institution.
- I should allow at least 15 days from the date Service Provider receives my properly completed Disability Form to begin using ACH for my payments.
- Upon receipt of a properly completed Disability Form, Service Provider will notify my financial institution of my ACH request. This is called the pre-notification process.
- The pre-notification process takes approximately 10 days.
- During the pre-notification process, my financial institution will confirm with Service Provider that the account and routing information I submitted is correct and that it will accept the ACH transfer.
- After this confirmation is received, my payments will be transferred to my financial institution within 2 days of the first payment date.
- If my payments are withdrawn from investments that are subject to time delays upon withdrawal, the deposit to my financial institution may be delayed accordingly.
- In the event of a change to my periodic installment payment, my electronic funds transfer may be subject to delay and a check will be sent to my last known address on file with Service Provider.
- If my financial institution rejects the pre-notification, I will be notified and my payments will be mailed to me via check until I submit new ACH instructions.
- As a result, it is important to notify Service Provider in writing of any changes to my mailing address.
- I may submit my new ACH instructions on the Direct Deposit (ACH) form which is available at www.texasaver.com or by calling 1-800-634-5091.

- Withdrawal withholding will vary depending on the type of withdrawal I am requesting.
- I have received and **must read the attached 402(f) Notice of Special Tax Rules on Distributions**, which provides additional income tax withholding information.
- If I do not have sufficient Federal or State Income Tax withheld from my withdrawal, I will be responsible for payment of estimated tax and/or may incur penalties under estimated tax rules.
- If applicable, I have attached IRS Form W-4P and/or my State's Income Tax withholding form to make tax elections when required. In the event these forms are required for my withdrawal and not submitted, Service Provider will withhold in accordance with applicable Federal and State regulations.
- If I need and as I see applicable, I will consult with my tax advisor to determine my appropriate tax withholding.

In order to claim a treaty rate, I must complete the appropriate fields and provide a U.S. Taxpayer Identification Number on Form W-8BEN. I may call 1-800-TAX-FORM (829-3676) or visit <http://www.irs.gov> to obtain a current version of the IRS Form W-8BEN. If I need and as I see applicable, I will consult with my tax advisor to determine my appropriate tax withholding.

- If applicable, I will attach my State's Income Tax withholding form to make tax elections when required. In the event these forms are required for my withdrawal and not submitted, Service Provider will withhold in accordance with applicable state regulations.
- If I live in the state that mandates State Income Tax withholding, State Income Tax will be withheld. If I wish to have additional State Income Tax withheld, I may elect so by entering a percentage or dollar amount on the line provided.
- Certain states allow an election for no State Income Tax withholding depending on the reason and type of withdrawal I have selected. For these states only, State Income Tax will be withheld unless I properly elect otherwise on the form.
- Certain states do not require mandatory withholding but allow to elect State Income Tax withholding depending on the reason and type of withdrawal I have selected. If I elect this, State Income Tax will be withheld based on a default rate/rules provided by the state of my residence. 402(f) NOTICE OF SPECIAL TAX RULES ON DISTRIBUTIONS

For Payments Not From a Designated Roth Account

YOUR ROLLOVER OPTIONS

You are receiving this notice because all or a portion of a payment you are receiving from TexaSaver 457 Plan (the "Plan") is eligible to be rolled over to an IRA or an employer plan. This notice is intended to help you decide whether to do such a rollover.

This notice describes the rollover rules that apply to payments from the Plan that are not from a designated Roth account (a type of account with special tax rules in some employer plans). If you also receive a payment from a designated Roth account in the Plan, you will be provided a different notice for that payment, and the Plan administrator or the payor will tell you the amount that is being paid from each account.

Rules that apply to most payments from a plan are described in the "General Information About Rollovers" section. Special rules that only apply in certain circumstances are described in the "Special Rules and Options" section.

GENERAL INFORMATION ABOUT ROLLOVERS

How can a rollover affect my taxes?

You will be taxed on a payment from the Plan if you do not roll it over. If you are under age 59½ and do not do a rollover, you will also have to pay a 10% additional income tax on early distributions (unless an exception applies). However, if you do a rollover, you will not have to pay tax until you receive payments later and the 10% additional income tax will not apply if those payments are made after you are age 59½ (or if an exception applies).

Where may I roll over the payment?

You may roll over the payment to either an IRA (an individual retirement account or individual retirement annuity) or an employer plan (a tax-qualified plan, section 403(b) plan, or governmental section 457(b) plan) that will accept the rollover. The rules of the IRA or employer plan that holds the rollover will determine your investment options, fees, and rights to payment from the IRA or employer plan (for example, no spousal consent rules apply to IRAs and IRAs may not provide loans). Further, the amount rolled over will become subject to the tax rules that apply to the IRA or employer plan.

How do I do a rollover?

There are two ways to do a rollover. You can do either a direct rollover or a 60-day rollover.

If you do a direct rollover, the Plan will make the payment directly to your IRA or an employer plan. You should contact the IRA sponsor or the administrator of the employer plan for information on how to do a direct rollover.

If you do not do a direct rollover, you may still do a rollover by making a deposit into an IRA or eligible employer plan that will accept it. You will have 60 days after you receive the payment to make the deposit. If you do not do a direct rollover, the Plan is required to withhold 20% of the payment for federal income taxes (up to the amount of cash and property received other than employer stock). This means that, in order to roll over the entire payment in a 60-day rollover, you must use other funds to make up for the 20% withheld. If you do not roll over the entire amount of the payment, the portion not rolled over will be taxed and will be subject to the 10% additional income tax on early distributions if you are under age 59½ (unless an exception applies).

How much may I roll over?

If you wish to do a rollover, you may roll over all or part of the amount eligible for rollover. Any payment from the Plan is eligible for rollover, except:

- Certain payments spread over a period of at least 10 years or over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary)
- Required minimum distributions after age 70½ (or after death)
- Hardship distributions
- ESOP dividends
- Corrective distributions of contributions that exceed tax law limitations
- Loans treated as deemed distributions (for example, loans in default due to missed payments before your employment ends)
- Cost of life insurance paid by the Plan
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first enrollment.
- Amounts treated as distributed because of a prohibited allocation of S corporation stock under an ESOP (also, there will generally be adverse tax consequences if you roll over a distribution of S corporation stock to an IRA).

The Plan administrator or the payor can tell you what portion of a payment is eligible for rollover.

If I don't do a rollover, will I have to pay the 10% additional income tax on early distributions?

If you are under age 59½, you will have to pay the 10% additional income tax on early distributions for any payment from the Plan (including amounts withheld for income tax) that you do not roll over, unless one of the exceptions listed below applies. This tax is in addition to the regular income tax on the payment not rolled over.

The 10% additional income tax does not apply to the following payments from the Plan:

- Payments made after you separate from service if you will be at least age 55 in the year of the separation
- Payments that start after you separate from service if paid at least annually in equal or close to equal amounts over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary)
- Payments from a governmental defined benefit pension plan made after you separate from service if you are a public safety employee and you are at least age 50 in the year of the separation
- Payments made due to disability
- Payments after your death
- Payments of ESOP dividends
- Corrective distributions of contributions that exceed tax law limitations
- Cost of life insurance paid by the Plan
- Payments made directly to the government to satisfy a federal tax levy
- Payments made under a qualified domestic relations order (QDRO)
- Payments up to the amount of your deductible medical expenses
- Certain payments made while you are on active duty if you were a member of a reserve component called to duty after September 11, 2001 for more than 179 days
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first contribution.

If I do a rollover to an IRA, will the 10% additional income tax apply to early distributions from the IRA?

If you receive a payment from an IRA when you are under age 59½, you will have to pay the 10% additional income tax on early distributions from the IRA, unless an exception applies. In general, the exceptions to the 10% additional income tax for early distributions from an IRA are the same as the exceptions listed above for early distributions from a plan. However, there are a few differences for payments from an IRA, including:

- There is no exception for payments after separation from service that are made after age 55.
- The exception for qualified domestic relations orders (QDROs) does not apply (although a special rule applies under which, as part of a divorce or separation agreement, a tax-free transfer may be made directly to an IRA of a spouse or former spouse).
- The exception for payments made at least annually in equal or close to equal amounts over a specified period applies without regard to whether you have had a separation from service.
- There are additional exceptions for (1) payments for qualified higher education expenses, (2) payments up to \$10,000 used in a qualified first-time home purchase, and (3) payments for health insurance premiums after you have received unemployment compensation for 12 consecutive weeks (or would have been eligible to receive unemployment compensation but for self-employed status).

Will I owe State income taxes?

This notice does not describe any State or local income tax rules (including withholding rules).

SPECIAL RULES AND OPTIONS

If your payment includes after-tax contributions

After-tax contributions included in a payment are not taxed. If a payment is only part of your benefit, an allocable portion of your after-tax contributions included in the payment, so you cannot take a payment of only after-tax contributions. However, if you have pre-1987 after-tax contributions maintained in a separate account, a special rule may apply to determine whether the after-tax contributions are included in a payment. In addition, special rules apply when you do a rollover, as described below.

You may roll over to an IRA a payment that includes after-tax contributions through either a direct rollover or a 60-day rollover. You must keep track of the aggregate amount of the after-tax contributions in all of your IRAs (in order to determine your taxable income for later payments from the IRAs). If you do a direct rollover of only a portion of the amount paid from the Plan and at the same time the rest paid to you, the portion directly rolled over consists first of the amount that would be taxable if not rolled over. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-

tax contributions. In this case, if you directly roll over \$10,000 to an IRA that is not a Roth IRA, no amount is taxable because the \$2,000 amount not directly rolled over is treated as being after-tax contributions. If you do a direct rollover of the entire amount paid from the Plan to two or more destinations at the same time, you can choose which destination receives the after-tax contributions.

If you do a 60-day rollover to an IRA of only a portion of the payment made to you, the after-tax contributions are treated as rolled over last. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-tax contributions, and no part of the distribution is directly rolled over. In this case, if you roll over \$10,000 to an IRA that is not a Roth IRA in a 60-day rollover, no amount is taxable because the \$2,000 amount not rolled over is treated as being after-tax contributions.

You may roll over to an employer plan all of a payment that includes after-tax contributions, but only through a direct rollover (and only if the receiving plan separately accounts for after-tax contributions and is not a governmental section 457(b) plan). You can do a 60-day rollover to an employer plan of part of a payment that includes after-tax contributions, but only up to the amount of the payment that would be taxable if not rolled over.

If you miss the 60-day rollover deadline

Generally, the 60-day rollover deadline cannot be extended. However, the IRS has the limited authority to waive the deadline under certain extraordinary circumstances, such as when external events prevented you from completing the rollover by the 60-day rollover deadline. To apply for a waiver, you must file a private letter ruling request with the IRS. Private letter ruling requests require the payment of a nonrefundable user fee. For more information, see IRS Publication 590-A, *Contributions to Individual Retirement Arrangements (IRAs)*.

If your payment includes employer stock that you do not roll over

If you do not do a rollover, you can apply a special rule to payments of employer stock (or other employer securities) that are either attributable to after-tax contributions or paid in a lump sum after separation from service (or after age 59½, disability, or the participant's death). Under the special rule, the net unrealized appreciation on the stock will not be taxed when distributed from the Plan and will be taxed at capital gain rates when you sell the stock. Net unrealized appreciation is generally the increase in the value of employer stock after it was acquired by the Plan. If you do a rollover for a payment that includes employer stock (for example, by selling the stock and rolling over the proceeds within 60 days of the payment), the special rule relating to the distributed employer stock will not apply to any subsequent payments from the IRA or employer plan. The Plan administrator can tell you the amount of any net unrealized appreciation.

If you have an outstanding loan that is being offset

If you have an outstanding loan from the Plan, your Plan benefit may be offset by the amount of the loan, typically when your employment ends. The loan offset amount is treated as a distribution to you at the time of the offset and will be taxed (including the 10% additional income tax on early distributions, unless an exception applies) unless you do a 60-day rollover in the amount of the loan offset to an IRA or employer plan.

If you were born on or before January 1, 1936

If you were born on or before January 1, 1936 and receive a lump sum distribution that you do not roll over, special rules for calculating the amount of the tax on the payment might apply to you. For more information, see IRS Publication 575, *Pension and Annuity Income*.

If your payment is from a governmental section 457(b) plan

If the Plan is a governmental section 457(b) plan, the same rules described elsewhere in this notice generally apply, allowing you to roll over the payment to an IRA or an employer plan that accepts rollovers. One difference is that, if you do not do a rollover, you will not have to pay the 10% additional income tax on early distributions from the Plan even if you are under age 59½ (unless the payment is from a separate account holding rollover contributions that were made to the Plan from a tax-qualified plan, a section 403(b) plan, or an IRA). However, if you do a rollover to an IRA or to an employer plan that is not a governmental section 457(b) plan, a later distribution made before age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies). Other differences are that you cannot do a rollover if the payment is due to an "unforeseeable emergency" and the special rules under "If your payment includes employer stock that you do not roll over" and "If you were born on or before January 1, 1936" do not apply.

If you are an eligible retired public safety officer and your pension payment is used to pay for health coverage or qualified long-term care insurance

If the Plan is a governmental plan, you retired as a public safety officer, and your retirement was by reason of disability or was after normal retirement age, you can exclude from your taxable income plan payments paid directly as premiums to an accident or health plan (or a qualified long-term care insurance contract) that your employer maintains for you, your spouse, or your dependents, up to a maximum of \$3,000 annually. For this purpose, a public safety officer is a law enforcement officer, firefighter, chaplain, or member of a rescue squad or ambulance crew.

If you roll over your payment to a Roth IRA

If you roll over a payment from the Plan to a Roth IRA, a special rule applies under which the amount of the payment rolled over (reduced by any after-tax amounts) will be taxed. However, the 10% additional income tax on early distributions will not apply (unless you take the amount rolled over out of the Roth IRA within 5 years, counting from January 1 of the year of the rollover).

If you roll over the payment to a Roth IRA, later payments from the Roth IRA that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a Roth IRA is a payment made after you are age 59½ (or after your death or disability, or as a qualified first-time homebuyer distribution of up to \$10,000) and after you have had a Roth IRA for at least 5 years. In applying this 5-year rule, you count from January 1 of the year for which your first contribution was made to a Roth IRA. Payments from the Roth IRA that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exception applies). You do not have to take required minimum distributions from a Roth IRA during your lifetime. For more information, see IRS Publication 590-A, *Contributions to Individual Retirement Arrangements (IRAs)* and IRS Publication 590-B, *Distributions from Individual Retirement Arrangements (IRAs)*.

If you do a rollover to a designated Roth account in the Plan

You cannot roll over a distribution to a designated Roth account in another employer's plan. However, you can roll the distribution over into a designated Roth account in the distributing Plan. If you roll over a payment from the Plan to a designated Roth account in the Plan, the amount of the payment rolled over (reduced by any after-tax amounts directly rolled over) will be taxed. However, the 10% additional tax on early distributions will not apply (unless you take the amount rolled over out of the designated Roth account within the 5-year period that begins on January 1 of the year of the rollover).

If you roll over the payment to a designated Roth account in the Plan, later payments from the designated Roth account that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a designated Roth account is a payment made both after you are age 59½ (or after your death or disability) and after you have had a designated Roth account in the Plan for at least 5 years. In applying this 5-year rule you count from January 1 of the year your first contribution was made to the designated Roth account. However, if you made a direct rollover to a designated Roth account in the Plan from a designated Roth account in a plan of another employer, the 5-year period begins on January 1 of the year you made the first contribution to the designated Roth account in the Plan or, if earlier, to the designated Roth account in the plan of the other employer. Payments from the designated Roth account that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exceptions applies).

If you are not a plan participant

Payments after death of the participant. If you receive a distribution after the participant's death that you do not roll over, the distribution will generally be taxed in the same manner described elsewhere in this notice. However, the 10% additional income tax on early distributions and the special rules for public safety officers do not apply, and the special rule described under the section "If you were born on or before January 1, 1936" applies only if the participant was born on or before January 1, 1936.

If you are a surviving spouse. If you receive a payment from the Plan as the surviving spouse of a deceased participant, you have the same rollover options that the participant would have had, as described elsewhere in this notice. In addition, if you choose to do a rollover to an IRA, you may treat the IRA as your own or as an inherited IRA. An IRA you treat as your own is treated like any other IRA of yours, so that payments made to you before you are age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies) and required minimum distributions from your

IRA do not have to start until after you are age 70½. If you treat the IRA as an inherited IRA, payments from the IRA will not be subject to the 10% additional income tax on early distributions. However, if the participant had started taking required minimum distributions, you will have to receive required minimum distributions from the inherited IRA. If the participant had not started taking required minimum distributions from the Plan, you will not have to start receiving required minimum distributions from the inherited IRA until the year the participant would have been age 70½.

If you are a surviving beneficiary other than a spouse. If you receive a payment from the Plan because of the participant's death and you are a designated beneficiary other than a surviving spouse, the only rollover option you have is to do a direct rollover to an inherited IRA. Payments from the inherited IRA will not be subject to the 10% additional income tax on early distributions. You will have to receive required minimum distributions from the inherited IRA.

Payments under a qualified domestic relations order. If you are the spouse or former spouse of the participant who receives a payment from the Plan under a qualified domestic relations order (QDRO), you generally have the same options the participant would have (for example, you may roll over the payment to your own IRA or an eligible employer plan that will accept it). Payments under the QDRO will not be subject to the 10% additional income tax on early distributions.

If you are a nonresident alien

If you are a nonresident alien and you do not do a direct rollover to a U.S. IRA or U.S. employer plan, instead of withholding 20%, the Plan is generally required to withhold 30% of the payment for federal income taxes. If the amount withheld exceeds the amount of tax you owe (as may happen if you do a 60-day rollover), you may request an income tax refund by filing Form 1040NR and attaching your Form 1042-S. See Form W-8BEN for claiming that you are entitled to a reduced rate of withholding under an income tax treaty. For more information, see also IRS Publication 519, *U.S. Tax Guide for Aliens*, and IRS Publication 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

Other special rules

If a payment is one in a series of payments for less than 10 years, your choice whether to make a direct rollover will apply to all later payments in the series (unless you make a different choice for later payments). If your payments for the year are less than \$200 (not including payments from a designated Roth account in the Plan), the Plan is not required to allow you to do a direct rollover and is not required to withhold for federal income taxes. However, you may do a 60-day rollover. Unless you elect otherwise, a mandatory cash-out of more than \$1,000 (not including payments from a designated Roth account in the Plan) will be directly rolled over to an IRA chosen by the Plan administrator or the payor. A mandatory cash-out is a payment from a plan to a participant made before age 62 (or normal retirement age, if later) and without consent, where the participant's benefit does not exceed \$5,000 (not including any amounts held under the plan as a result of a prior rollover made to the plan).

You may have special rollover rights if you recently served in the U.S. Armed Forces. For more information, see IRS Publication 3, *Armed Forces' Tax Guide*.

Postponement of Distribution Notice

If you elect to defer your distribution, the Plan will not make a distribution to you without your consent until required by the terms of the Plan or by law. If you elect to defer your distribution, your vested account balance will continue to experience investment gains, losses and Plan expenses. As a result, the value of your vested account balance ultimately distributed to you could be more or less than the value of your current vested account balance. In determining the economic consequences of postponing your distribution, you should compare the administration cost and investment options (including fees) applicable to your vested account balance in the Plan if you postpone your distribution to the costs and options you may obtain with investment options outside the plan.

Upon distribution of your vested account balance from the Plan, you will be taxed (except to the extent your vested account balance consists of after-tax contributions or qualified amounts held in a ROTH money source) on your vested account balance at the time of the distribution if you do not rollover your balance. As explained in greater detail in the 402(f) Notice of Special Tax Rules on Distributions, you can roll over your distribution directly or you may receive your distribution and roll it over within 60 days to avoid current taxation and to continue to have the opportunity to accumulate tax-deferred earnings. There are many complex rules relating to rollovers, and you

should read the 402(f) Notice of Special Tax Rules on Distributions carefully before deciding whether a rollover is desirable in your circumstances. You should also note that a 10% penalty tax may apply to distributions made before you reach age 59½, unless another exception applies.

If you defer your distribution of your vested account balance, you may invest in the investment options available to active employees. If you do not defer distribution of your vested account balance, the currently available investment options in the Plan may not be generally available on similar terms outside the Plan. Fees and expenses (including administrative or investment related fees) outside the Plan may be different from fees and expenses that apply to your vested account balance in the Plan. For more information about fees, expenses, and currently available Plan investment options, including investment related fees, refer to the prospectuses and/or disclosure documents regarding Plan investments and fees available from your Plan administrator and/or Plan service representative.

When considering whether to defer your distribution, carefully review the Plan Document and/or Plan's Summary Plan Description, including the sections on timing of distributions and available distributions.

402(f) NOTICE OF SPECIAL TAX RULES ON DISTRIBUTIONS

For Payments From a Designated Roth Account

YOUR ROLLOVER OPTIONS

You are receiving this notice because all or a portion of a payment you are receiving from the TexaSaver 457 Plan (the "Plan") is eligible to be rolled over to a Roth IRA or designated Roth account in an employer plan. This notice is intended to help you decide whether to do a rollover.

This notice describes the rollover rules that apply to payments from the Plan that are from a designated Roth account. If you also receive a payment from the Plan that is not from a designated Roth account, you will be provided a different notice for that payment, and the Plan administrator or the payor will tell you the amount that is being paid from each account.

Rules that apply to most payments from a designated Roth account are described in the "General Information About Rollovers" section. Special rules that only apply in certain circumstances are described in the "Special Rules and Options" section.

GENERAL INFORMATION ABOUT ROLLOVERS

How can a rollover affect my taxes?

After-tax contributions included in a payment from a designated Roth account are not taxed, but earnings might be taxed. The tax treatment of earnings included in the payment depends on whether the payment is a qualified distribution. If a payment is only part of your designated Roth account, the payment will include an allocable portion of the earnings in your designated Roth account.

If the payment from the Plan is not a qualified distribution and you do not do a rollover to a Roth IRA or a designated Roth account in an employer plan, you will be taxed on the earnings in the payment. If you are under age 59½, a 10% additional income tax on early distributions will also apply to the earnings (unless an exception applies). However, if you do a rollover, you will not have to pay taxes currently on the earnings and you will not have to pay taxes later on payments that are qualified distributions.

If the payment from the Plan is a qualified distribution, you will not be taxed on any part of the payment even if you do not do a rollover. If you do a rollover, you will not be taxed on the amount you roll over and any earnings on the amount you roll over will not be taxed if paid later in a qualified distribution.

A qualified distribution from a designated Roth account in the Plan is a payment made after you are age 59½ (or after your death or disability) and after you have had a designated Roth account in the Plan for at least 5 years. In applying the 5-year rule, you count from January 1 of the year your first contribution was made to the designated Roth account. However, if you did a direct rollover to a designated Roth account in the Plan from a designated

Roth account in another employer plan, your participation will count from January 1 of the year your first contribution was made to the designated Roth account in the Plan or, if earlier, to the designated Roth account in the other employer plan.

Where may I roll over the payment?

You may roll over the payment to either a Roth IRA (a Roth individual retirement account or Roth individual retirement annuity) or a designated Roth account in an employer plan (a tax-qualified plan or section 403(b) plan) that will accept the rollover. The rules of the Roth IRA or employer plan that holds the rollover will determine your investment options, fees, and rights to payment from the Roth IRA or employer plan (for example, no spousal consent rules apply to Roth IRAs and Roth IRAs may not provide loans). Further, the amount rolled over will become subject to the tax rules that apply to the Roth IRA or the designated Roth account in the employer plan. In general, these tax rules are similar to those described elsewhere in this notice, but differences include:

- If you do a rollover to a Roth IRA, all of your Roth IRAs will be considered for purposes of determining whether you have satisfied the 5-year rule (counting from January 1 of the year for which your first contribution was made to any of your Roth IRAs).
- If you do a rollover to a Roth IRA, you will not be required to take a distribution from the Roth IRA during your lifetime and you must keep track of the aggregate amount of the after-tax contributions in all of your Roth IRAs (in order to determine your taxable income for later Roth IRA payments that are not qualified distributions).
- Eligible rollover distributions from a Roth IRA can only be rolled over to another Roth IRA.

How do I do a rollover?

There are two ways to do a rollover. You can either do a direct rollover or a 60-day rollover.

If you do a direct rollover, the Plan will make the payment directly to your Roth IRA or designated Roth account in an employer plan. You should contact the Roth IRA sponsor or the administrator of the employer plan for information on how to do a direct rollover.

If you do not do a direct rollover, you may still do a rollover by making a deposit within 60 days into a Roth IRA, whether the payment is a qualified or nonqualified distribution. In addition, you can do a rollover by making a deposit within 60 days into a designated Roth account in an employer plan if the payment is a nonqualified distribution and the rollover does not exceed the amount of the earnings in the payment. You cannot do a 60-day rollover to an employer plan of any part of a qualified distribution. If you receive a distribution that is a nonqualified distribution and you do not roll over an amount at least equal to the earnings allocable to the distribution, you will be taxed on the amount of those earnings not rolled over, including the 10% additional income tax on early distributions if you are under age 59½ (unless an exception applies).

If you do a direct rollover of only a portion of the amount paid from the Plan and a portion is paid to you, at the same time, the portion directly rolled over consists first of earnings.

If you do not do a direct rollover and the payment is not a qualified distribution, the Plan is required to withhold 20% of the earnings for federal income taxes (up to the amount of cash and property received other than employer stock). This means that, in order to roll over the entire payment in a 60-day rollover to a Roth IRA, you must use other funds to make up for the 20% withheld.

How much may I roll over?

If you wish to do a rollover, you may roll over all or part of the amount eligible for rollover. Any payment from the Plan is eligible for rollover, except:

- Certain payments spread over a period of at least 10 years or over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary)
- Required minimum distributions after age 70½ (or after death)
- Hardship distributions
- ESOP dividends
- Corrective distributions of contributions that exceed tax law limitations
- Loans treated as deemed distributions (for example, loans in default due to missed payments before your employment ends)
- Cost of life insurance paid by the Plan
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first contribution
- Amounts treated as distributed because of a prohibited allocation of S corporation stock under an ESOP (also, there will generally be adverse tax consequences if S corporation stock is held by an IRA).

The Plan administrator or the payor can tell you what portion of a payment is eligible for rollover.

If I don't do a rollover, will I have to pay the 10% additional income tax on early distributions?

If a payment is not a qualified distribution and you are under age 59½, you will have to pay the 10% additional income tax on early distributions with respect to the earnings allocated to the payment that you do not roll over (including amounts withheld for income tax), unless one of the exceptions listed below applies. This tax is in addition to the regular income tax on the earnings not rolled over.

The 10% additional income tax does not apply to the following payments from the Plan:

- Payments made after you separate from service if you will be at least age 55 in the year of the separation
- Payments that start after you separate from service if paid at least annually in equal or close to equal amounts over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary)
- Payments made due to disability
- Payments after your death
- Payments of ESOP dividends
- Corrective distributions of contributions that exceed tax law limitations
- Cost of life insurance paid by the Plan
- Payments made directly to the government to satisfy a federal tax levy
- Payments made under a qualified domestic relations order (QDRO)
- Payments up to the amount of your deductible medical expenses
- Certain payments made while you are on active duty if you were a member of a reserve component called to duty after September 11, 2001 for more than 179 days
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first contribution.

If I do a rollover to a Roth IRA, will the 10% additional income tax apply to early distributions from the IRA?

If you receive a payment from a Roth IRA when you are under age 59½, you will have to pay the 10% additional income tax on early distributions on the earnings paid from the Roth IRA, unless an exception applies or the payment is a qualified distribution. In general, the exceptions to the 10% additional income tax for early distributions from a Roth IRA listed above are the same as the exceptions for early distributions from a plan. However, there are a few differences for payments from a Roth IRA, including:

- There is no special exception for payments after separation from service.
- The exception for qualified domestic relations orders (QDROs) does not apply (although a special rule applies under which, as part of a divorce or separation agreement, a tax-free transfer may be made directly to a Roth IRA of a spouse or former spouse).
- The exception for payments made at least annually in equal or close to equal amounts over a specified period applies without regard to whether you have had a separation from service.
- There are additional exceptions for (1) payments for qualified higher education expenses, (2) payments up to \$10,000 used in a qualified first-time home purchase, and (3) payments for health insurance premiums after you have received unemployment compensation for 12 consecutive weeks (or would have been eligible to receive unemployment compensation but for self-employed status).

Will I owe State income taxes?

This notice does not describe any State or local income tax rules (including withholding rules).

SPECIAL RULES AND OPTIONS

If you miss the 60-day rollover deadline

Generally, the 60-day rollover deadline cannot be extended. However, the IRS has the limited authority to waive the deadline under certain extraordinary circumstances, such as when external events prevented you from completing the rollover by the 60-day rollover deadline. To apply for a waiver, you must file a private letter ruling request with the IRS. Private letter ruling requests require the payment of a nonrefundable user fee. For more information, see IRS Publication 590-A, *Individual Retirement Arrangements (IRAs)*.

If your payment includes employer stock that you do not roll over

If you receive a payment that is not a qualified distribution and you do not roll it over, you can apply a special rule to payments of employer stock (or other employer securities) that are paid in a lump sum after separation from service (or after age 59½, disability, or the participant's death). Under the

special rule, the net unrealized appreciation on the stock included in the earnings in the payment will not be taxed when distributed to you from the Plan and will be taxed at capital gain rates when you sell the stock. If you do a rollover to a Roth IRA for a nonqualified distribution that includes employer stock (for example, by selling the stock and rolling over the proceeds within 60 days of the distribution), you will not have any taxable income and the special rule relating to the distributed employer stock will not apply to any subsequent payments from the Roth IRA or employer plan. Net unrealized appreciation is generally the increase in the value of the employer stock after it was acquired by the Plan. The Plan administrator can tell you the amount of any net unrealized appreciation.

If you receive a payment that is a qualified distribution that includes employer stock and you do not roll it over, your basis in the stock (used to determine gain or loss when you later sell the stock) will equal the fair market value of the stock at the time of the payment from the Plan.

If you have an outstanding loan that is being offset

If you have an outstanding loan from the Plan, your Plan benefit may be offset by the amount of the loan, typically when your employment ends. The loan offset amount is treated as a distribution to you at the time of the offset and, if the distribution is a nonqualified distribution, the earnings in the loan offset will be taxed (including the 10% additional income tax on early distributions, unless an exception applies) unless you do a 60-day rollover in the amount of the earnings in the loan offset to a Roth IRA or designated Roth account in an employer plan.

If you receive a nonqualified distribution and you were born on or before January 1, 1936

If you were born on or before January 1, 1936, and receive a lump sum distribution that is not a qualified distribution and that you do not roll over, special rules for calculating the amount of the tax on the earnings in the payment might apply to you. For more information, see IRS Publication 575, *Pension and Annuity Income*.

If you receive a nonqualified distribution, are an eligible retired public safety officer, and your pension payment is used to pay for health coverage or qualified long-term care insurance

If the Plan is a governmental plan, you retired as a public safety officer, and your retirement was by reason of disability or was after normal retirement age, you can exclude from your taxable income nonqualified distributions paid directly as premiums to an accident or health plan (or a qualified long-term care insurance contract) that your employer maintains for you, your spouse, or your dependents, up to a maximum of \$3,000 annually. For this purpose, a public safety officer is a law enforcement officer, firefighter, chaplain, or member of a rescue squad or ambulance crew.

If you are not a plan participant

Payments after death of the participant. If you receive a distribution after the participant's death that you do not roll over, the distribution will generally be taxed in the same manner described elsewhere in this notice. However, whether the payment is a qualified distribution generally depends on when the participant first made a contribution to the designated Roth account in the Plan. Also, the 10% additional income tax on early distributions and the special rules for public safety officers do not apply, and the special rule described under the section "If you receive a nonqualified distribution and you were born on or before January 1, 1936" applies only if the participant was born on or before January 1, 1936.

If you are a surviving spouse. If you receive a payment from the Plan as the surviving spouse of a deceased participant, you have the same rollover options that the participant would have had, as described elsewhere in this notice. In addition, if you choose to do a rollover to a Roth IRA, you may treat the Roth IRA as your own or as an inherited Roth IRA.

A Roth IRA you treat as your own is treated like any other Roth IRA of yours, so that you will not have to receive any required minimum distributions during your lifetime and earnings paid to you in a nonqualified distribution before you are age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies).

If you treat the Roth IRA as an inherited Roth IRA, payments from the Roth IRA will not be subject to the 10% additional income tax on early distributions. An inherited Roth IRA is subject to required minimum distributions. If the participant had started taking required minimum distributions from the Plan, you will have to receive required minimum distributions from the inherited Roth IRA. If the participant had not started taking required minimum distributions, you will not have to start

receiving required minimum distributions from the inherited Roth IRA until the year the participant would have been age 70½.

If you are a surviving beneficiary other than a spouse. If you receive a payment from the Plan because of the participant's death and you are a designated beneficiary other than a surviving spouse, the only rollover option you have is to do a direct rollover to an inherited Roth IRA. Payments from the inherited Roth IRA, even if made in a nonqualified distribution, will not be subject to the 10% additional income tax on early distributions. You will have to receive required minimum distributions from the inherited Roth IRA.

Payments under a qualified domestic relations order. If you are the spouse or a former spouse of the participant who receives a payment from the Plan under a qualified domestic relations order (QDRO), you generally have the same options the participant would have (for example, you may roll over the payment as described in this notice).

If you are a nonresident alien

If you are a nonresident alien and you do not do a direct rollover to a U.S. IRA or U.S. employer plan, instead of withholding 20%, the Plan is generally required to withhold 30% of the payment for federal income taxes. If the amount withheld exceeds the amount of tax you owe (as may happen if you do a 60-day rollover), you may request an income tax refund by filing Form 1040NR and attaching your Form 1042-S. See Form W-8BEN for claiming that you are entitled to a reduced rate of withholding under an income tax treaty. For more information, see also IRS Publication 519, *U.S. Tax Guide for Aliens*, and IRS Publication 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

Other special rules

If a payment is one in a series of payments for less than 10 years, your choice whether to make a direct rollover will apply to all later payments in the series (unless you make a different choice for later payments).

If your payments for the year (only including payments from the designated Roth account in the Plan) are less than \$200, the Plan is not required to allow you to do a direct rollover and is not required to withhold for federal income taxes. However, you can do a 60-day rollover.

Unless you elect otherwise, a mandatory cash-out from the designated Roth account in the Plan of more than \$1,000 will be directly rolled over to a Roth IRA chosen by the Plan administrator or the payor. A mandatory cash-out is a payment from a plan to a participant made before age 62 (or normal retirement age, if later) and without consent, where the participant's benefit does not exceed \$5,000 (not including any amounts held under the plan as a result of a prior rollover made to the plan).

You may have special rollover rights if you recently served in the U.S. Armed Forces. For more information, see IRS Publication 3, *Armed Forces' Tax Guide*.

Postponement of Distribution Notice

If you elect to defer your distribution, the Plan will not make a distribution to you without your consent until required by the terms of the Plan or by law. If you elect to defer your distribution, your vested account balance will continue to experience investment gains, losses and Plan expenses. As a result, the value of your vested account balance ultimately distributed to you could be more or less than the value of your current vested account balance. In determining the economic consequences of postponing your distribution, you should compare the administration cost and investment options (including fees) applicable to your vested account balance in the Plan if you postpone your distribution to the costs and options you may obtain with investment options outside the plan.

Upon distribution of your vested account balance from the Plan, you will be taxed (except to the extent your vested account balance consists of after-tax contributions or qualified amounts held in a ROTH money source) on your vested account balance at the time of the distribution if you do not rollover your balance. As explained in greater detail in the 402(f) Notice of Special Tax Rules on Distributions, you can roll over your distribution directly or you may receive your distribution and roll it over within 60 days to avoid current taxation and to continue to have the opportunity to accumulate tax-deferred earnings. There are many complex rules relating to rollovers, and you should read the 402(f) Notice of Special Tax Rules on Distributions carefully before deciding whether a rollover is desirable in your circumstances. You should also note that a 10% penalty tax may apply to distributions made before you reach age 59½, unless another exception applies.

If you defer your distribution of your vested account balance, you may invest in the investment options available to active employees. If you do not defer distribution of your vested account balance, the currently available

investment options in the Plan may not be generally available on similar terms outside the Plan. Fees and expenses (including administrative or investment related fees) outside the Plan may be different from fees and expenses that apply to your vested account balance in the Plan. For more information about fees, expenses, and currently available Plan investment options, including investment related fees, refer to the prospectuses and/or disclosure documents regarding Plan investments and fees available from your Plan administrator and/or Plan service representative.

When considering whether to defer your distribution, carefully review the Plan Document and/or Plan's Summary Plan Description, including the sections on timing of distributions and available distributions.
